Chamber Music Festival July 30 - August 7, 2010

www.heartlandmusicacademy.com

Heartland Music Academy is proud to announce our 9th year of presenting the Heartland Chamber Music Festival! The summer festival is an exciting 9 days of chamber music, orchestra, master classes, music history, student and faculty performances and more! Our mission is to provide young musicians the opportunity to study and perform chamber music in a musically comprehensive environment. World-renown faculty members gather for the festival with the purpose of nurturing the student's development by creating a positive learning environment where each student can hone their musical and ensemble playing skills. The young musicians are motivated and inspired by this exposure to instruction and performances on such a highly artistic level. The joy of this experience has proven to enlighten their interest in music and the arts; and the friendships they make during this process can last a lifetime! We are excited about our new partner; the Performing Arts Education Program at Johnson County Community College and our new performance venue; Yardley Hall in the Carlsen Center at JCCC.
